Muhammad Ikhlas

Software Engineer
+92-323-9359060 | mikhlas78690@gmail.com | github.com/Muhammad-Ikhlas-dev | linkedin.com/in/muhammad-ikhlas-/ | Islamabad, Pakistan

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building web applications with React.js, Next.js, TypeScript, Node.js, MongoDB and PostgreSQL, alongside a BSCS (graduated June 2026). Automated an estimated 60% of manual HR onboarding tasks and built an AI grading system piloted in 3 university courses. Experience with LLM evaluation and RLHF-style feedback, authentication systems and end-to-end product delivery in Agile teams. Strong collaborator with US-based clients and a solid foundation in data structures and software engineering.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, C++, GraphQL, Python.
Frontend: React.js, Next.js, Redux, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design
Backend: Node.js, Express.js, RESTful API Development, Authentication & Authorization (JWT, OAuth)
Databases: MongoDB, PostgreSQL, SQL
AI / ML: LLM Evaluation and RLHF-style Feedback (Turing / Anthropic), Prompt Engineering, AI Feature Integration
Tools & Platforms: Git, GitHub, Figma, Postman, Slack API, Jibble API
Methodologies: Agile, Scrum, SDLC, Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA)

PROFESSIONAL EXPERIENCE

Full Stack Web Developer | *ALGO 3* August 2023 – Present
Islamabad, Pakistan

- Built a full-cycle Onboarding and Offboarding Management System using React.js, Node.js and PostgreSQL, automating Slack provisioning, Jibble shift assignments and role-based talent allocation — an estimated 60% of previously manual HR tasks automated and onboarding cut from days to under 2 hours.
- Reviewed model-generated code in real repositories and wrote structured feedback for RLHF-style training (Turing, client: Anthropic); also built multi-turn tool-calling scenarios to train assistant models.
- Worked directly with US-based clients in technical discovery sessions, turning business needs into specifications and delivery plans.
- Built and maintained 10+ responsive frontend interfaces using React.js, Next.js, Redux and Tailwind CSS for client deliverables.

Frontend Developer (Internship) | *Pakistan Bureau of Statistics (PBS)* July 2024 – September 2024
Islamabad, Pakistan

- Developed and integrated new features for government-facing web platforms using HTML5, CSS3, Tailwind CSS, React.js, and Next.js, improving UI consistency and application interactivity.
- Worked in Agile sprints with cross-functional teams to deliver features within tight government project timelines.

KEY PROJECTS

Talent Bridge Application

- Built an end-to-end HR automation platform using React.js, Node.js, and PostgreSQL, integrating with Slack API and Jibble to automate workspace access, shift assignments, and job role allocation. Reduced manual HR effort by 60%.

AI Teacher Assistant — github.com/Muhammad-Ikhlas-dev/AI-Teacher-Assistant

- Final-year project (team of 3): AI grading system piloted in 3 university courses (500+ submissions) with multi-source plagiarism detection, quiz generation and bulk gradebook export; 91%+ accuracy in edge-case testing and ~8 hrs/week saved per course (instructor feedback). Led backend and system design.

Biruno AI — AI Interview Preparation Assistant — github.com/Muhammad-Ikhlas-dev/biruno-ai

- Desktop and web assistant (TypeScript, React 19, Electron, Bun, Supabase, PostgreSQL) with live audio transcription, AI responses and screenshot analysis; speech detection via Silero VAD v5 on ONNX Runtime Web.
- Integrated Supabase authentication, row-level security and cross-platform session sync, plus PDF/DOCX/TXT/Markdown ingestion for resume-aware preparation. Transcripts appear in ~2 s and AI answers in ~5 s (informal testing).

EDUCATION

Bachelor of Science in Computer Science (BSCS) — CGPA: 3.55 / 4.0 2022 – 2026
ARID UIIT (University of Information Technology), Rawalpindi, Pakistan

CERTIFICATIONS

Internship Certificate — Pakistan Bureau of Statistics (PBS) July 2024 – September 2024

Microsoft Certified: Azure AI Fundamentals (AI-900) Microsoft | July 2025
